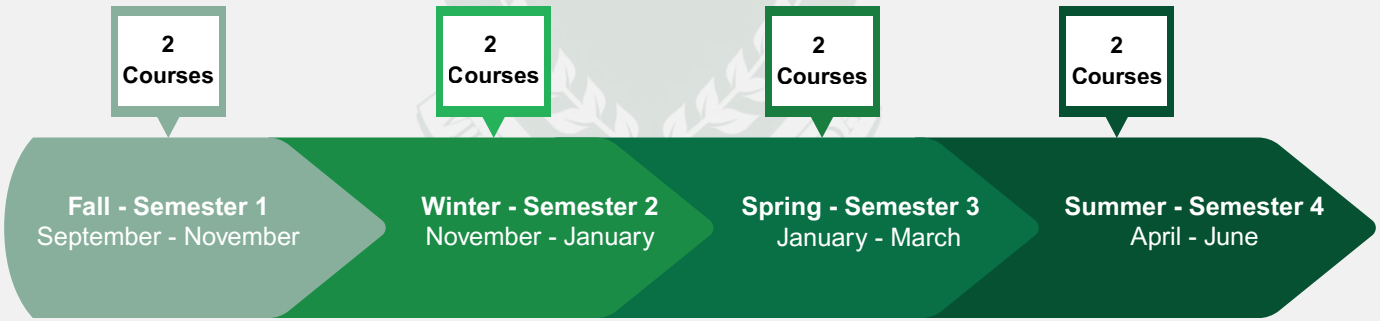
ACADEMIC SCHOOL YEAR AT A GLANCE
WITH WILLIAM ACADEMY

William Academy follows a quadmester system, dividing the school year into four shorter terms. In each term, students focus on just two courses at a time, completing a total of eight courses across the year. This focused structure offers several key benefits:

- **Deeper Learning:** Only 2 courses at a time, less juggling, more concentration.
- **Reduced Stress**: A concentrated daily workload helps students stay balanced.
- **Flexibility**: Easy entry points throughout the year.
- **Stronger Results**: Deeper learning often leads to stronger grades.
- **University Preparation**: Mirrors the pace of university semesters.

At William Academy, this unique approach ensures students not only meet curriculum requirements but also thrive academically and personally.



Our regular school year runs from September to June, but flexible intake options are available throughout the year to accommodate students' needs.

ACADEMIC INTAKES AT WILLIAM ACADEMY

William Academy offers **four intake periods each year**, aligned with the start of our school terms: September, November, January, and March. This flexible structure allows students to begin their studies at the time that works best for them, without having to wait for the next full school year.

Our flexible intake system is designed to support the diverse needs of students and families. Whether a student is transferring mid-year, arriving from overseas after completing visa and travel arrangements, or looking to retake or upgrade courses, they don't have to wait until the next September to continue their education. This approach is also helpful for families relocating, students balancing personal commitments, or those eager to fast-track their studies in preparation for university. With multiple entry points throughout the year, William Academy makes it easy for students to join when the time is right.

Our regular school year runs from September to June, but flexible intake options are available throughout the year to accommodate students' needs.

Surrounded by beautiful scenery and supported by caring staff, camp participants gain confidence, learn new skills, and build friendships that last a lifetime.

Summer Camp

In the summer, students join English language classes and enjoy fun activities such as sports, creative workshops, and cultural excursions. Trips to nearby attractions allow students to experience the best of Canadian summer, from outdoor adventures to city highlights.

Winter Camp

In the winter, students discover the magic of Canada's snowy season. Along with English enrichment, participants enjoy classic Canadian winter pastimes, as well as visits to cultural and historic landmarks.

A First Step Toward the Future

For many students, our camps are not only a fun and enriching experience but also a gateway to further studies at William Academy. Camps provide a perfect introduction to Canadian education, making the transition to a longer-term exchange or full-time study smooth and exciting.
